There’s no doubt that talking to your legislators can be intimidating...and why shouldn’t it be? The big white governmental dome, the marble staircases, and the smell of bureaucratic processes in the air. Get rid of the fear!

In this training you will learn from a parents perspective:

- **How to speak to your legislator**
- **Navigating the Capitol building**
- **Locating your legislator**
- **How to tell your story**
- **And much more**

Funding for the “Missouri Can’t Wait” project provided by a grant from the Missouri Planning Council for Developmental Disabilities.
